Baxter Memorial Library's Adult Summer Reading Program:

This year we focus on STEAM, an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking.

Throughout the summer visit the library to get your bookmark stamped for each field of study you incorporate into your reading! Turn in your bookmark regardless of how many disciplines you cover by **Friday, August 18th**, for entry in the random prize drawings

S cience
