Movement**

4:00pm

(ages 3-6)

Adult Summer Reading Program

June 21st through August 18th

This year we focus on STEAM, an educational approach to learning that uses Science, Technology, Engineering, the Arts, and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking.

Throughout the summer visit the library to get your bookmark stamped for each field of study you incorporate into your reading! Turn in your bookmark regardless of how many disciplines you cover by **Friday, August 18th**, for entry in the random prize drawings.

Youth Summer Reading Program

June 21st through August 18th

Fill in the pillars of the library as you read and earn great prizes including: Bookmarks, Subway kid's meals, books, and pizza!! The first 450 kids (16 & younger) to sign up will get a free ticket to a Portland Sea Dogs game.

We also have a Wee Readers program for parents & children 2 years old and younger.

ST-ART
Monday, June 26th
10:00-10:30am

Calling all toddlers to join us for ST-ART this summer! ST-ART is a 30-minute class that introduces your toddler to various art mediums such as paint, watercolors, paper, and glue.

Please wear appropriate clothing for messy fun. ST-ART is specifically tailored for children 18 months to 3 years old.

STEAM
Friday, June 30th
10:00am-12:00pm

Blow off some STEAM at the library this summer! STEAM stands for Science, Technology, Engineering, Art, and Mathematics. We will be exploring our world with our dedicated STEAM station. Come learn about circuits, measurements, microscopes, magnets, engineering, and more!

Please join us for this interactive program on Fridays during our Summer Reading Program Weeks.
